Thanks. I want to make sure we stress to Chris that we're collectively working on this as part of the schedule.

Hi Andrew,  
Marthea Rountree (OFA) and Palmer Hough (OW) are on our associate reviewer team.

Thanks for sharing. I think Chris may have some comments on the schedule but we can share as is for the briefing on Monday.

Do we have any OFA/OW folks included in the Associate reviewer team?

Andrew

Molly and Patti have put together a schedule for the Final EIS review for Pebble to try and make sure the project meets the 30 day turn around time.

Molly and Patti talked through this with Cindy and Marthea today to get some input on the process.

It's been amended, and the next steps would be to share it with Chris/Michelle and get feedback on the Monday meeting about the schedule. There's also another coordination meeting next week- and it can be shared there as well for feedback.

Do you have any input on this schedule or plan? If this outline works for you- we'd like to send this to the RA/DRA so they can look it over before our coordination call on Monday.

Thanks to Molly and Patti for all of the work in thinking this through and vetting the timeline and process. It is really helpful in trying to make the process as efficient as possible- and also allows for everyone to track who is involved in the review process over a relatively short period of time.

**Subject:** Revised FEIS letter schedule

Hi Rebecca – Here is a slightly revised version of the schedule to use in your conversation with Chris on Monday. It reflects what we discussed today regarding briefing schedule, and fixes a few typos (thanks Patty!).
